Shower Door Installation Procedure

STEP
1

Complete Shower Order Form.

Note: Door installation cost does not include Pre-Plumbed Threshold or Ceramacast Base installation. Customer must select contractor of their choice to install faucets and Pre-Plumbed Threshold or Ceramacast Base.

STEP
2

Call Oben 877- 401- 4750 for Shower Door Measure

Important: All tile work must be completed before measurements can be taken. After Pre-Plumbed Threshold or Ceramacast base has been installed and tile work has been completed, contact Oben Customer Services to arrange for a factory-trained installer to visit job site to measure your custom shower opening. All glass is custom made to the exact shower dimensions ensuring a perfect fit every time.

STEP
3

Shower Door Installation

Oben factory trained installer will install shower door. Allow 10 - 17 days after measure for completion of custom shower door installation.

STEP
4

Customer Pays Shower Door Installer

Customer pays quoted installation price COD direct to installation contractor upon completion of shower door installation.

The contract with installer is strictly between the customer and the installer. Door installers are independent contractors and not Oben employees. Oben makes no representation or warranties whatsoever with respect to the workmanship of the installer, and assumes no responsibility.
